

## Careers with Cats

**Cattery Assistant:** Whilst the work of a Cattery Assistant is physically demanding, it also involves a lot of hands-on contact with the animals and this can be extremely rewarding.

**Cattery Manager:** Cattery Managers are employed by private boarding, quarantine and charitable organisations to oversee the day-to-day running of the business. The role of a cattery manager can vary greatly and depends on the size and type of business or organisation.

**Cat Sitter:** Cat sitting is a kind and affordable alternative to a boarding cattery. It is an excellent career choice if you care passionately about cats and would like to run your own business working from home.

**Cat Groomer:** The demand for professional groomers is increasing as more people have pets and there is a growing awareness about responsible pet ownership. Career opportunities are varied in this type of animal care and a good groomer should never be unemployed.

**Cat Boarding Business:** Owning and running a boarding cattery can be both rewarding and fulfilling. The work is very demanding with a lot of responsibility; this career will probably become a way of life, as it is most likely that you will need to live on site.
